## BIGGEST DRUM IN CLASS

With the largest drum in its class, this is an ideal washing machine for those who don't need industrial machine, but want larger capacity.

## LG DIRECT DRIVE MOTOR

The motor is directly attached to the drum which increases stability and durability and reduces vibration and noise.

## CUSTOMIZED CYCLES

Owners can program of up to 20 fully customized washing programs

## FLEXIBLE INSTALLATION

LG professional tumble dryers have the option of being mounted on a washing machine or tumble dryer.

## HYGIENE COURSE

Remove 99.9% of the germs, with special programs 90°C and 75°C.

## ESTIMATION OF LAUNDRY AMOUNT

Washer adjusts the water level to the amount of linen, saving water and energy at less than full load

## TUB CLEANING SYSTEM

Dirty tub from hours of long operation can affect washing performance. Our tub cleaning program helps you keep a clean tub even in the busiest locations.

## SELF-HEATING SISTEM

Washing machines have hot and cold water inlets where the heating system detects the water temperature and automatically adjusts the heating time. This saves time and reduces electricity consumption by up to 75%. Save time as heaters do not need time to heat cold water.

## STAINLESS STEEL DRUM

The stainless steel drum makes professional washing machines durable and long lasting.
