**LG** COMMERCIAL WASHERS AND DRYERS  
A unique and efficient way of maintaining hygiene!

Advantages of LG professional washers

**NEW TECHNOLOGY**

WaveForce and Auto tub clean programs with powerful water waves, during the wash cycle they maintain maximum cleanliness of the washer.

**ANTIBACTERIAL DESIGN**

Antibacterial coating prevents the retention of bacteria (Staphylococcus aureus, Salmonella, Listeria etc.) and mold in the tub of the washer.

**HYGIENE PROGRAM**

Decontaminates laundry during the washing process.

### LG washer **Giant C**

DRUM	
Drum volume	103 lit
Capacity	10 kg
Max capacity	13 kg
STRENGTH AND VOLTAGE	
Heating power	3,6 kW
Electric ratings	220 V/50 Hz
OTHER SPECIFICATIONS	
Extract (high speed)	1150 o/min
G-force	413
Weight	90 kg
Drain Pump	Da
Noise level	<62dB

### LG dryer **Giant C**

DRUM	
Drum volume	207 lit
Capacity	10 kg
STRENGTH AND VOLTAGE	
Heating type	electric/gas
Type of drying	ventilation
Heating power	5,4 kW
Electric ratings	220 V/50 Hz
OTHER SPECIFICATIONS	
Weight	60 kg
Possibility of connecting to a dryer	Da

### LG washer **Titan C**

DRUM	
Drum volume	147 lit
Capacity	15 kg
Max capacity	18 kg
STRENGTH AND VOLTAGE	
Heating power	3,8 kW
Electric ratings	220 V/50 Hz
OTHER SPECIFICATIONS	
Extract (high speed)	980 o/min
G-faktor	327
Weight	101 kg
Drain valve	Da
Noise level	<62dB
Dimensions (WxHxD)	737x1036x814 mm
